USACRC Online Learning

Welcome to the United States Army Combat Readiness University. This program inaugurates a long-term commitment to providing quality and timely force protection information across a broad spectrum to support Army needs around the globe. Delivering tools, resources, and training online this system provides user access anywhere in the world 24/7. Content on this site is designed to provide superior decision-making capability to our force. It is a repository for safety education, training, and other career enhancing tools for US Army, civilian, contractor, Department of Defense, and other government agency employees. Feedback from users will help focus future course development and products for the field.

NEW USERS

As a first-time user you will be required to complete an online registration upon initial entry. Subsequently, your personal information and course completions will be automatically tracked for future reference and appropriate Army records updated.
